

"DEATH IN THE POT."

"Death in the pot." That sentence condenses the story of a tragedy. A little family gathering. A fine dinner cooked in the large copper kettle long disused, and the entire family poisoned by the accumulated verdigris. The story was told by the newspapers from one end of the land to the other. But it was soon forgotten. The moral of it is, that the purest of food, put into a foul vessel, instead of ministering to life may become a minister of death.

If the stomach is diseased it is like the poisonous kettle, which taints everything that goes into it. The symptoms are irregular appetite, undue fullness after eating, distressed feeling in the stomach, of fluttering and sinking sensations, palpitation, dizziness, ringing in ears, sour or bitter risings and constipation. Not all these symptoms may be present at the same time, but any of them shows disease in the digestive or alimentary tract.

The intimate relation of the stomach to the blood, heart, liver and lungs makes it a medical maxim in exploring the causes of obscure diseases to "start with the stomach." It is upon this principle that Dr. Pierce's Golden Medical Discovery effects so many and such remarkable cures. It cleanses the stomach and the system is cleansed. It increases the action of the blood making glands, and the body is enriched by the purified blood. It strengthens the digestive or nutritive organs and these strengthen the whole body by increasing the quantity and quality of its nourishment. It carries off the poisonous, effete matter. In this way it re-establishes health, banishing the bodily aches, which are but symptoms of the stomach's condition.

All medicine dealers sell "Golden Medical Discovery." If they try to substitute something else, it is because "something else" pays better. Insist on "Golden Medical Discovery" if you want to be cured.

Ashenfelter, Spokane; Recording Sec'y, Mrs. Ellwood, Ellensburg; Corresponding Sec'y, Mrs. C. C. Maring, Seattle; First Trustee, Mrs. F. C. Hall, North Yakima; Second Trustee, Mrs. Annie D. Carnie, Port Angeles.

This meeting of the representative club women of the state in the metropolis of the Northwest has proved a treat to those women who have enjoyed the privilege of former conventions and, also, to those who have heretofore been denied this opportunity. The occasion was replete with club benefits and the hospitality of the Seattle ladies was enjoyed by both the recipients and the donors.

The noon luncheons served in the basement of the church was one of the most charming features of the convention. The large room was gorgeously decorated with the colors of the City Federation, which are also our national colors—the red, white and blue. Each table was in charge of a different Seattle club and was resplendent with its club colors and club flowers. Young girls clad in white waited upon each table.

Many dainty compliments were paid the club women by their gentlemen friends, in decoration and other matters. Many of the leading stores bore the insignia of the State Federation, or some special club, the store of Stewart & Holmes, with its window of clover, being especially artistic. Many other favors were extended the club women, among them being the Souvenir Program presented by the Saturday Mail, the Clover Calendar by Stewart & Holmes, and the "P.-I. March," by the Post-Intelligencer.

The reception Tuesday evening at the Rainier-Grand was an occasion long to be remembered. The large parlors and rotunda of this spacious building were placed at the disposal of the Seattle ladies and their friends and were crowded for hours as the guests passed the receiving line. The committee on reception consisted of the officers of the State Board and the presidents of the city clubs.

The place chosen for the meeting of 1900 is North Yakima, and the Seattle Convention has become a thing of the past.

A Joyful Wedding.

The wedding of Wilfred Sauve, son of Julian and Marie Louise Lecuier, to Melina, daughter of Charles Gumache and his wife Arneline Belar Gumache, took place at the cathedral Monday morning. The ceremonies according to the rites of the Catholic church were performed by Rev. Father Louis Taelman. Mass was celebrated at 9 a. m. in the presence of a large concourse of people. Fourteen of the immediate rela-

tives of the bride and groom came in a half dozen carriages from the French colony in the Moxee and the bridal procession coming and going was a happy one. The witnesses to the nuptials were Joseph Saave, brother of the groom, and Miss Emma Gumache, sister of the bride. The venerable grandfather of one of the contracting parties had come 1600 miles to witness the festival. The license was issued on the 23d of June, but the customary announcement had to be made in the church for three successive Sundays.

Assessor's Report.

Assessor Scott's books show the following figures for the assessment for 1899, which are subject to correction: Total value real estate 1898 \$4,233,405 Total value real estate 1899 4,213,405 Total value personal property 1898 1,209,838 Total value personal property 1899 1,182,153 Exemption on personal property 1899 8,146 Exemption on personal property 1898

Total number of assessment sheets for 1899, 2,206; total number of assessment sheets for 1898, 1,898.

Total number of sheep assessed for year 1899, 171,000 at \$1.75 per head; total number of sheep assessed for year 1898 202,000 at \$2 per head.

As will be noticed, there are about 30,000 less sheep in the county this year than last. The rate of assessment per head is also 25 cents lower, but \$1.75 per head was the amount agreed upon by the association as a fair valuation.
